

# CONSTRUCTION UPDATE

## WIS 38: Rapids Drive to County MM

### Racine County

The Wisconsin Department of Transportation will resume construction work along WIS 38 in **April 2025**, from Rapids Drive to County MM (N Green Bay Road), including the bridge over the Root River.

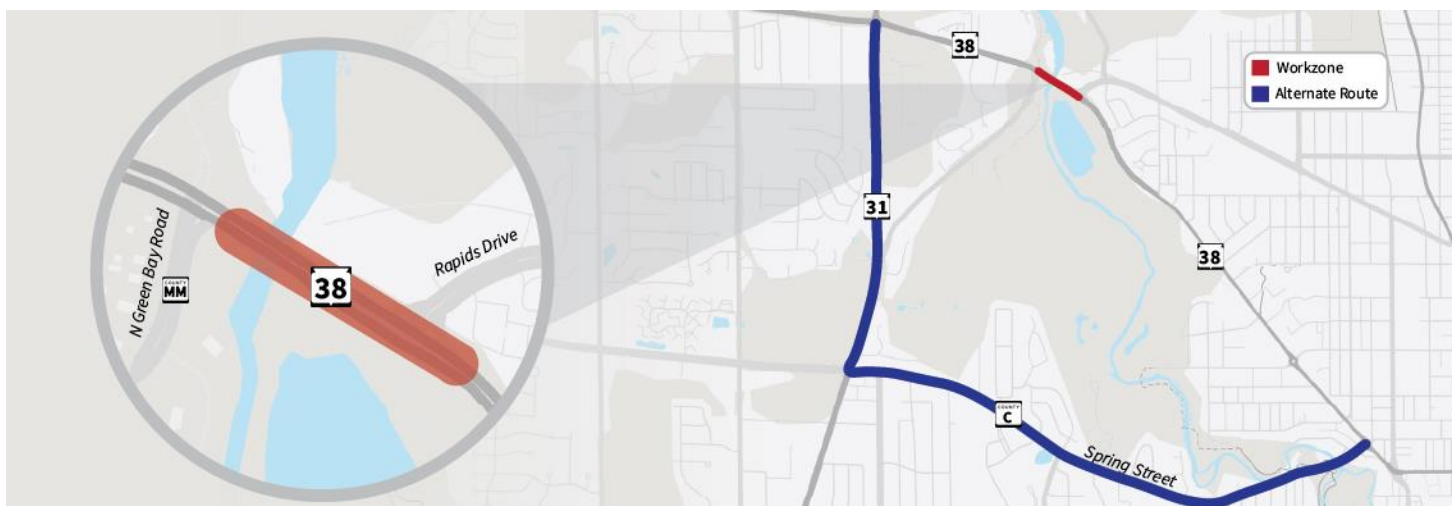

Sent: March 2025

### 2025 Work

During the 2024 construction season, the WIS 38 westbound bridge and travel lanes were completed as part of stage 1 of the project. In 2025, the eastbound bridge and travel lanes will be built during stages 2 and 3.

### Traffic Impacts

**Stage 2 (beginning April 2025):** WIS 38 will be reduced to a single lane of traffic in each direction and will **remain open to local traffic** (travelers with a destination inside the workzone) during construction. Access to local residences and businesses will be maintained. Motorists are encouraged to take an alternative route utilizing WIS 31 and County C (Spring Street) to avoid delays.

*All work is weather dependent. The project team thanks you for your patience and cooperation throughout this project!*

Following stage 2, work will continue into the 3<sup>rd</sup> and final stage of construction in **late fall of 2025**.
